HEIGHT GUARD

SONCO's Height Guard lets you display the message you need, improving safety and clarity across your Paving & Striping projects.

HEIGHT GUARD

Material: High-density polyethylene for strength, durability, and fade resistance.

Visibility: Recessed reflective stripes in red or white for day-night visibility.

Customizable: Graphic options available for custom driver-alert messages.

FLEXIBLE DELINEATORS & ROAD MARKING SOLUTIONS

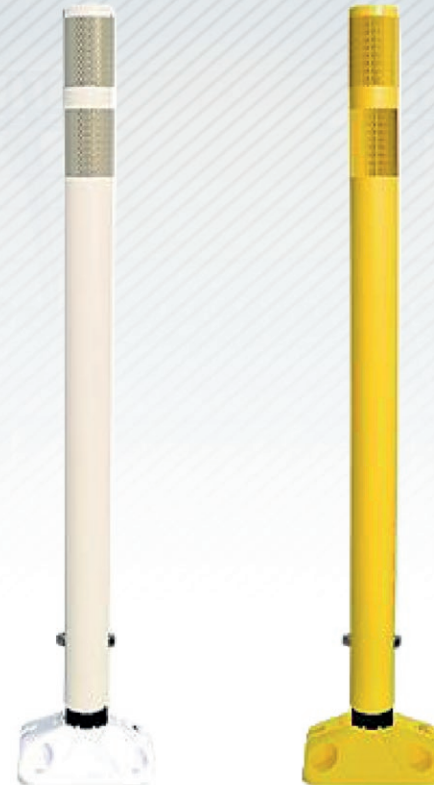

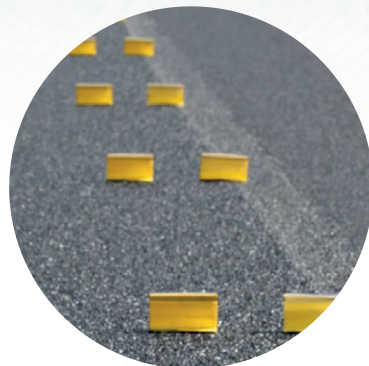

Part of SONCO's nationwide safety lineup — flexible delineators, reflectors, and markers engineered to meet visibility standards, stocked for quick delivery, and built for long-term performance.

Reflectivity: High-grade materials chosen to meet visibility standards.

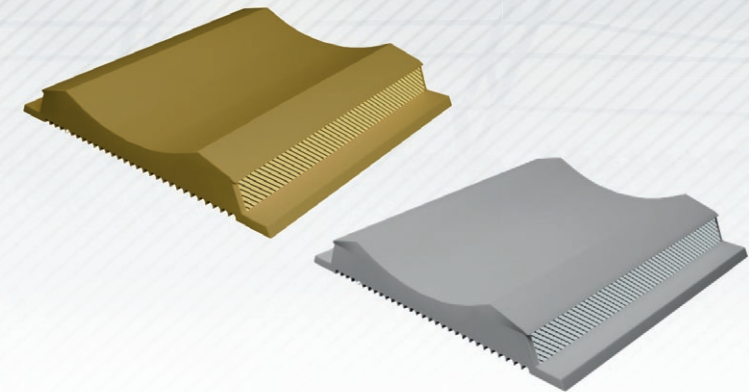

Material: Long-lasting construction designed to handle heavy traffic and weather.

SPEED CONTROL SOLUTIONS

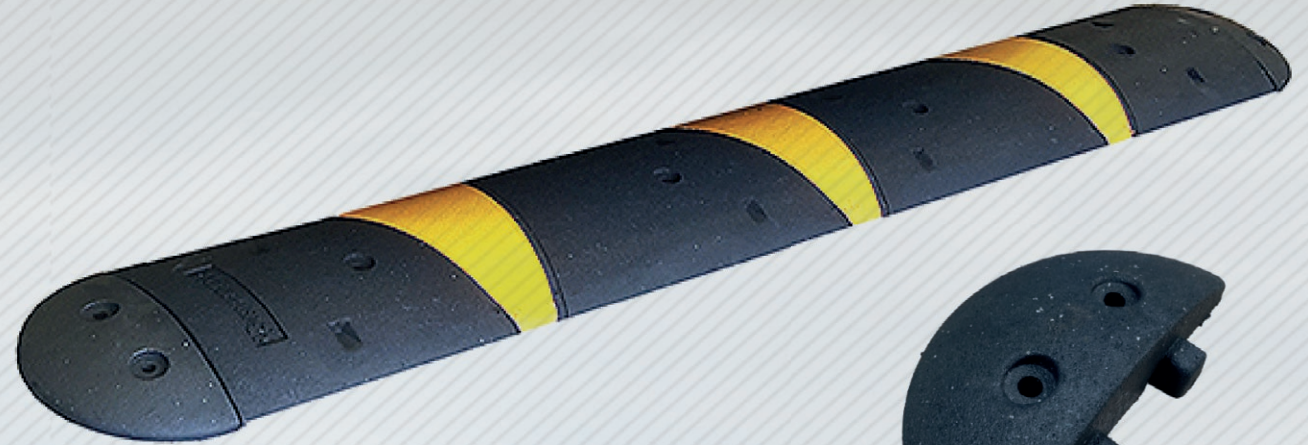

SONCO covers every speed control need — 2-inch bumps for 2–5 mph zones and 24-inch humps for 15 mph areas. Options include reflective tape, heavy-duty builds, drainage channels, and end caps for a clean finish.

Speed Bumps: Short and aggressive for maximum slowdown in lots, driveways, and work zones.

Speed Humps: Wider and gradual to calm traffic on streets and larger paved areas while maintaining flow.

6' RUBBER SPEED BUMP

END CAP FOR RUBBER SPEED BUMP

SPEED HUMP SECTION 36W X 24L X 2.4H

PARKING BLOCKS

Durable stops built for paving projects — made from recycled rubber or heavy-duty plastic for long-lasting use and fast installs.

Visibility: Bright colors or reflective strips available to meet project specs.

Installation: Pre-drilled and ready for quick anchoring to asphalt or concrete.

PARKING BLOCK SPIKE

SAFETY APPAREL

Choose from sleeveless or full jackets, hard hats, and protective gloves — all available in multiple colors and styles, with or without reflective tape. Every model is ANSI-compliant and can be customized with your company logo.
